Annex Reference	SEARCH AND RESCUE Standard or Recommended Practice	State Legislation, Regulation or Document Reference	Level of implementation of SARP's	Text of the difference to be notified to ICAO	Comments including the reason for the difference
<p>Chapter 1 Reference</p> <p>Definition</p>	<p style="text-align: center;">INTERNATIONAL STANDARDS AND RECOMMENDED PRACTICES</p> <p><i>Note.— This Annex is supplemented by the International Aeronautical and Maritime Search and Rescue (IAMSAR) Manual, Volume I — Organization and Management, Volume II — Mission Co-ordination, and Volume III — Mobile Facilities (Doc 9731), the purpose of which is to assist States in meeting their search and rescue (SAR) needs and obligations accepted under the Convention on International Civil Aviation. These obligations, as they relate to the provision of SAR services, are specified in this Annex as Standards and Recommended Practices. The three volumes of the IAMSAR Manual provide guidance for a common aviation and maritime approach to organizing and providing SAR services. States are encouraged, by use of the manual, to develop and improve their SAR services and to cooperate with neighbouring States.</i></p> <p style="text-align: center;">CHAPTER 1. DEFINITIONS</p> <p>When the following terms are used in the Standards and Recommended Practices for search and rescue, they have the following meanings:</p> <p>Alerting post. Any facility intended to serve as an intermediary between a person reporting an emergency and a rescue coordination centre or rescue subcentre.</p>	<p>Decreto-Lei n.º 31/2018 de 31 de maio al. e) do art. 2º</p>	<p>No Difference</p>		
<p>Chapter 1 Reference</p> <p>Definition</p>	<p>Alert phase. A situation wherein apprehension exists as to the safety of an aircraft and its occupants.</p>	<p>Decreto-Lei 31/2018 de 31 de maio al. f) do art. 2º</p>	<p>No Difference</p>		

Report on entire Annex

Annex Reference	SEARCH AND RESCUE Standard or Recommended Practice	State Legislation, Regulation or Document Reference	Level of implementation of SARP's	Text of the difference to be notified to ICAO	Comments including the reason for the difference
Chapter 1 Reference Definition	Distress phase. A situation wherein there is a reasonable certainty that an aircraft and its occupants are threatened by grave and imminent danger and require immediate assistance.	Decreto-Lei 31/2018 de 31 de maioal. i) do art. 2º	No Difference		
Chapter 1 Reference Definition	Ditching. The forced landing of an aircraft on water.	Decreto-Lei 31/2018 de 31 de maioal. d) do art. 2º	No Difference		
Chapter 1 Reference Definition	Emergency phase. A generic term meaning, as the case may be, uncertainty phase, alert phase or distress phase.	Decreto-Lei 31/2018 de 31 de maioal. g) do art. 2º	No Difference		
Chapter 1 Reference Definition	Joint rescue coordination centre (JRCC). A rescue coordination centre responsible for both aeronautical and maritime search and rescue operations.	Decreto-Lei n.º 31/2018 de 31 maioal. c) do artigo 2º	No Difference		
Chapter 1 Reference Definition	Operator. A person, organization or enterprise engaged in or offering to engage in an aircraft operation.	CV-CAR 1	No Difference		

Report on entire Annex

Annex Reference	SEARCH AND RESCUE Standard or Recommended Practice	State Legislation, Regulation or Document Reference	Level of implementation of SARP's	Text of the difference to be notified to ICAO	Comments including the reason for the difference
Chapter 1 Reference Definition	Pilot-in-command. The pilot designated by the operator, or in the case of general aviation, the owner, as being in command and charged with the safe conduct of a flight.	CV-CAR 1	No Difference		
Chapter 1 Reference Definition	Rescue. An operation to retrieve persons in distress, provide for their initial medical or other needs, and deliver them to a place of safety.	Decreto-Lei n.º 31/2018 de 31 de maioal. n) do art. 2º	No Difference		
Chapter 1 Reference Definition	Rescue coordination centre (RCC). A unit responsible for promoting efficient organization of search and rescue services and for coordinating the conduct of search and rescue operations within a search and rescue region.		Not Applicable		Cabo Verde implemented JRCC
Chapter 1 Reference Definition	Rescue subcentre (RSC). A unit subordinate to a rescue coordination centre, established to complement the latter according to particular provisions of the responsible authorities.	Decreto-Lei nº 31/2018 de 31 de maioal. f) do art. 2º	No Difference		
Chapter 1 Reference Definition	Search. An operation normally coordinated by a rescue coordination centre or rescue subcentre using available personnel and facilities to locate persons in distress.	Decreto-Lei nº 31/2018 de 31 de maioal. b) do art. 2º	No Difference		

Report on entire Annex

Annex Reference	SEARCH AND RESCUE Standard or Recommended Practice	State Legislation, Regulation or Document Reference	Level of implementation of SARP's	Text of the difference to be notified to ICAO	Comments including the reason for the difference
Chapter 1 Reference Definition	<i>Search and rescue aircraft.</i> An aircraft provided with specialized equipment suitable for the efficient conduct of search and rescue missions.	Decreto-Lei n° 31/2018 de 31 de maioal. a) do art. 2°	No Difference		
Chapter 1 Reference Definition	<i>Search and rescue facility.</i> Any mobile resource, including designated search and rescue units, used to conduct search and rescue operations.	Decreto-Lei 31/2018 de 31 de maioal. j) do art. 2°	No Difference		
Chapter 1 Reference Definition	<i>Search and rescue region (SRR).</i> An area of defined dimensions, associated with a rescue coordination centre, within which search and rescue services are provided.	Decreto-Lei n.° 31/2018 de 31 maio al. m) do art. 2°	No Difference		
Chapter 1 Reference Definition	<i>Search and rescue service.</i> The performance of distress monitoring, communication, coordination and search and rescue functions, initial medical assistance or medical evacuation, through the use of public and private resources, including cooperating aircraft, vessels and other craft and installations.	Decreto-Lei n.° 31/2018 de 31 de maioal. o) do art. 2°	No Difference		
Chapter 1 Reference Definition	<i>Search and rescue unit.</i> A mobile resource composed of trained personnel and provided with equipment suitable for the expeditious conduct of search and rescue operations.	Decreto-Lei n.° 31/2018 de 31 de maioart.14°	No Difference		

Report on entire Annex

Annex Reference	SEARCH AND RESCUE Standard or Recommended Practice	State Legislation, Regulation or Document Reference	Level of implementation of SARP's	Text of the difference to be notified to ICAO	Comments including the reason for the difference
Chapter 1 Reference Definition	<i>State of Registry.</i> The State on whose register the aircraft is entered.	CV-CAR 1	No Difference		
Chapter 1 Reference Definition	<i>Uncertainty phase.</i> A situation wherein uncertainty exists as to the safety of an aircraft and its occupants.	Decreto-Lei 31/2018 de 31 de maioal. h) do art. 2°	No Difference		
Chapter 2 Reference 2.1.1 Standard	<p style="text-align: center;">CHAPTER 2. ORGANIZATION</p> <p style="text-align: center;">2.1 Search and rescue services</p> <p>Contracting States shall, individually or in cooperation with other States, arrange for the establishment and prompt provision of search and rescue services within their territories to ensure that assistance is rendered to persons in distress. Such services shall be provided on a 24-hour basis.</p>	Decreto-Lei nº 31/2018 de 31 de maio nº 2 do art. 7°	No Difference		

Report on entire Annex

Annex Reference	SEARCH AND RESCUE Standard or Recommended Practice	State Legislation, Regulation or Document Reference	Level of implementation of SARP's	Text of the difference to be notified to ICAO	Comments including the reason for the difference
Chapter 2 Reference 2.1.1.1 Standard	Those portions of the high seas or areas of undetermined sovereignty for which search and rescue services will be established shall be determined on the basis of regional air navigation agreements. Contracting States having accepted the responsibility to provide search and rescue services in such areas shall thereafter, individually or in cooperation with other States, arrange for the services to be established and provided in accordance with the provisions of this Annex. <i>Note.— The phrase “regional air navigation agreements” refers to the agreements approved by the Council of ICAO normally on the advice of Regional Air Navigation Meetings.</i>	Decreto-Lei 31/2018 de 31 de maio n.º 3 e 4 do art. 7.º	No Difference		
Chapter 2 Reference 2.1.1.2 Standard	Basic elements of search and rescue services shall include a legal framework, a responsible authority, organized available resources, communication facilities and a workforce skilled in coordination and operational functions.	preamble paragraf 5	No Difference		
Chapter 2 Reference 2.1.1.3 Standard	Search and rescue services shall establish processes to improve service provision, including the aspects of planning, domestic and international cooperative arrangements and training.	Decreto-Lei n.º 31/2018 de 31 de maio n.º 6 do art. 7.º	No Difference		
Chapter 2 Reference 2.1.2 Standard	In providing assistance to aircraft in distress and to survivors of aircraft accidents, Contracting States shall do so regardless of the nationality or status of such persons or the circumstances in which such persons are found.	Decreto-Lei n.º 31/2018 de 31 de maio n.º 5 do art. 7.º	No Difference
